Geographical, Sector or Industry Concentration risks

The Investment Policies of the Sub-Fund are intended to allow the Investment Manager, on behalf of the Sub-Fund, to invest in a portfolio of collective investment schemes that is diversified in Geographical, Sector or Industry terms. Nevertheless, due to economic and business conditions, the Investment Manager, on behalf of the Sub-Fund, may invest in a portfolio which is less diversified and this may give rise to concentration risks. The Investor Shares entitle Shareholders to participate in the movements, both positive and negative, in the value of the assets of the Sub-Fund as well as the receipt of dividends as set out hereunder.

Share Capital and Accounts

All amounts received by the Company on the issue of Investor Shares, initially and subsequently, will be credited as share capital of the Company and will form part of the NAV of the Sub-Fund. Separate accounts are kept for the assets of the Sub-Fund.

Shares in Other Sub-Funds of the Company

The Company is constituted as a multi-fund investment company with variable share capital. As of the date of this Offering Supplement, the Company is offering Investor Shares in other sub-funds. The Company may establish more sub-funds in the future.

Dividend Policy in respect of the Class A (Distribution) Investor Shares

General

It is intended that the Company will distribute dividends in respect of the Class A (Distribution) Investor Shares in such amounts and with such frequency as may be determined by the Directors in accordance with the Prospectus. It is envisaged, but no guarantee is given, that most or all of the net income of the Sub-Fund will be declared on a six monthly basis (each being an “**Interim Period**”) ending as follows: 31st May and 30th November (each a “**Dividend Cut-Off Date**”) and this in the form of interim dividends. At each annual general meeting, a final dividend may, if recommended by the Directors and approved by the Shareholders, also be paid.

Only those Shareholders listed on the Company’s register of members at close of business on the last Business Day immediately preceding the relevant Dividend Cut-Off Date shall be entitled to receive the respective dividend payments for the relevant Interim Period. Payments shall be effected in the Base Currency unless a different arrangement has been agreed to by the Depositary.

Payment of a dividend will be made in the name of the Shareholder or, in the case of joint holders in the name of the first-named joint holder. Payment to the first-named joint holder shall be as effective a discharge to the Company, the Investment Manager and the Depositary as if such first-named joint holder had been a sole holder. Without prejudice to the foregoing, joint holders may request that dividends be apportioned amongst the joint holders in which case, and if accepted by the Company, the holders shall bear all extra costs in that regard.

Payments of dividends can be made through either:

- (a) the direct crediting of the Shareholder's bank account,
- (b) the issuance of a cheque or warrant, or
- (c) the re-investment in further Class A (Distribution) Investor Shares,

as indicated by the subscriber in the Subscription Agreement. Notwithstanding the foregoing, the Directors reserve the right to stipulate a threshold below which dividend payments will be automatically re-invested.

The Sub-Fund will pay the Depositary a fee to cover the operation of distribution of dividends. Please refer to the Section entitled "**Fees Payable by the Sub-Fund**" above for further details.

Where the Shareholder has opted for direct crediting of dividends and the relative direct credit is rejected for any reason outside the Company's control, the Company shall: (a) re-invest the proceeds of the direct credit, less any bank charges if applicable, in further Class A (Distribution) Investor Shares and in the name of the Shareholder(s) on the next Subscription Day following the date that notice of the rejection was received; (b) be deemed to have been given notice from the Shareholder that any future dividends will be automatically re-invested, and the resulting Class A (Distribution) Investor added to the Shareholder's holding in accordance with the Prospectus; and (c) send a statement to the Shareholder reflecting the re-investment of the aforesaid dividend proceeds. Nonetheless the Shareholder may, at any time inform the Company of alternative arrangements for the direct crediting of subsequent dividends.

Where a payment of a dividend is made by cheque or warrant, every such cheque or warrant which is so sent shall be a satisfaction of the monies payable and shall be a good discharge to the Company, the Investment Manager and the Depositary.

Shareholders may also elect to have their dividends (less any withholding tax deductible upon payment thereof) reinvested in further Class A (Distribution) Investor Shares in the Sub-Fund. Reinvestment of dividends shall be effected on the next Subscription Day following the day on which the relevant dividend will be payable to the Shareholder and shall be effected at the applicable Offering Price.

If a Shareholder wishes to alter his instructions regarding the payment or re-investment of dividends, he should provide the Company with written instructions at least seven (7) clear Business Days prior to the relevant Dividend Cut-Off Date. The Company, the Investment Manager and the Depositary shall not be responsible for any loss or delay in transmission and dividends or any amount payable to Shareholders shall not bear interest against the Company.

Any dividend payments which remain unclaimed after a period of twelve (12) years from the date of payment shall then be transferred to and become part of the Sub-Fund's assets and neither the payee, Shareholder nor their successor(s) in title shall have any right thereto other than as part of the NAV per Share.

Shareholders entitled to receive dividend payments will, on or after the payment date, be sent a Dividend Certificate which shall include details in respect of the income distributed including, if required by any applicable legislation, a

statement of how much of the amount to which they are entitled represents any tax deducted in respect of that income.

All payments are subject to any pledge of the Class A (Distribution) Investor Shares duly constituted and notified to the Company as well as to any applicable fiscal laws and regulations — your attention is drawn to the section in the Prospectus entitled “**Taxation**” and to the part hereof entitled “**Taxation**” hereunder.

All dividend payments shall be effected in accordance with the Licence Conditions or any other applicable MFSA requirements.

Allocation of Income

Pursuant to the Company’s Memorandum and Articles, the income available for allocation in respect of the Class A (Distribution) Investor Shares shall be the sum recommended by the Directors which shall not be in excess of the income received or receivable by the Sub-Fund in respect of assets (whether in the form of dividends, interest or otherwise) during the relevant period less appropriate expenses in accordance with the Act and the Licence Conditions, nor in excess of the amount available for distribution in accordance with applicable laws and regulations.

In terms of the Licence Conditions, the amount available for allocation is to be calculated by taking the aggregate of the income property received or receivable by the Sub-Fund in respect of the Interim Period or Accounting Period and:

- (a) including therein any income equalisation amount received by the Depositary on the Class A (Distribution) Investor Shares created during the relevant period, including any resulting from the final valuation;
- (b) adding the Investment Manager’s, or the Company’s, best estimate of any relief from tax on expenses properly payable out of income of the Sub-Fund in respect of the relevant period;
- (c) deducting the aggregate of all the Investment Manager’s, the Depositary’s and the Administrator’s remuneration in respect of the Sub-Fund properly paid or payable in respect of the relevant period;
- (d) deducting the aggregate of the payments out of income property paid or payable in respect of the relevant period;
- (e) deducting such provision for taxation as the Investment Manager, or the Company, after consulting the Auditors considers appropriate;
- (f) deducting the aggregate of those parts of the Redemption Proceeds of the Class A (Distribution) Investor Shares redeemed during the relevant period (including any redeemed by relation to the final valuation) as were attributable to the addition of income property to the calculation of the Redemption Price including any income equalisation amount paid by the Depositary on redemption;
- (g) deducting (or disregarding) and carrying forward of any potential income, if the Depositary and the Investment Manager, or the Company, agree that, because adequate information is normally not available about how that income accrues, it ought generally not to be accounted for on an accrued basis;
- (h) deducting (or disregarding) and carrying forward of any potential income, if the Depositary and the Investment Manager, or the Company, agree that that income is not likely to be received by the Depositary until twelve (12) months after the income allocation date, provided the Auditors are satisfied that the Depositary has made and intends to continue to make all proper efforts to obtain its receipt; and

- (i) adjusting for the re-allocation of the expenses from the “income account” to the “capital account”. The Depositary, in consultation with the Investment Manager, or the Company, shall exercise reasonableness in effecting these re-allocations.

At the end of each relevant accounting period, the Depositary shall transfer the positive balance, if any, in the “income account” to an account to be known as the “distribution account”. If however, the average payment to Shareholders of the Sub-Fund by way of income during the relevant accounting period would amount to less than twenty EUR (EUR 20) or their equivalent, the Depositary may, acting on the advice of the Investment Manager or the Company, (a) carry the balance in “income account” forward to the next relevant accounting period (and to regard it as received at the start of that period), or (b) credit the income to the “capital account” in which case it will be represented in the NAV per Share.

The Directors may decide to distribute all or part of the balance in the “distribution account” and shall either directly or through the Investment Manager instruct the Depositary accordingly. In that case the Depositary shall carry the remaining balance in the “distribution account” forward to the next relevant accounting period.

On or before the relevant income allocation date, the Depositary shall allocate the available income to the Shareholders rateably in accordance with the number of the Class A (Distribution) Investor Shares held by them on the Dividend Cut-Off Date.

Income Allocation Dates

Any income which stands to be allocated to the income account in respect of an Interim Period shall be so allocated by not later than two (2) months after the end of each Interim Period as specified in this Prospectus for the purposes of dividend distributions, and in respect of the Accounting Period, the allocation shall be made by not later than two (2) months after the end of the Accounting period.

Equalisation Account

The Offering Price of any Class A (Distribution) Investor Shares generally contains an element representing the accrued income earned by those Class A (Distribution) Investor Shares since the start of the relevant Interim Period. This means that investors buying Class A (Distribution) Investor Shares buy a percentage of net income, and the corresponding portion of the Offering Price (the equalisation payment) will be notionally credited by the Company to an equalisation account for the Sub-Fund.

The equalisation account will be maintained in order to ensure that equal amounts are distributed in respect of each Class A (Distribution) Investor Shares notwithstanding different dates of issue.

When an equalisation payment has been effected, any subsequent dividends in relation to the relevant Class A (Distribution) Investor Shares shall include an amount corresponding to the aforesaid equalisation payments and paid out of the equalisation account. However, the said amount shall not be included as part of the dividend in the event that the Directors exercise their discretion (as described hereunder) not to consider equalisation when determining distributions.

The Redemption Price of any Class A (Distribution) Investor Shares will also include an equalisation payment in respect of the net income of the Sub-Fund since the start of the relevant Interim Period up to the date of redemption, and upon the redemption of any Class A (Distribution) Investor Shares based on that Redemption Price, a sum equal to that part of the Redemption Price of a Class A (Distribution) Investor Shares which reflects net income (if any) accrued up to its date of redemption will be deemed to be an equalisation charge and debited to the equalisation account.

In the absence of significant fluctuations between the redemption and issue of Class A (Distribution) Investor Shares, the Directors may choose not to consider equalisation when determining distributions to Shareholders or to pay to such Shareholders any excess of equalisation credits over debits. Any fluctuations between redemption and issue of shares that could have an effect of one per cent (1%) or more on the NAV per Share shall be considered significant.

Sub-Fund Expenses

The fees and expenses incurred in connection with the establishment of the Sub-Fund, the application for licensing of the Sub-Fund, the preparation and publication of the Offering Supplement and all legal costs and out of pocket expenses in relation thereto shall be borne by the Company.

Taxation

The Sub-Fund qualifies as a non-prescribed fund in terms of the Income Tax Act (Cap. 123, Laws of Malta) in view of the fact the value of the Sub-Fund's assets situated in Malta amount to less than eighty five per cent (85%) of its total assets. The Company has made a declaration to such effect in respect of the Sub-Fund and it is the Company's intention to maintain such a classification.

Taxation of the Sub-Fund

As a non-prescribed Fund, the Sub-Fund is exempt from Maltese income tax on any income and capital gains. Capital gains, dividends, interest and any other income from foreign securities held by the Sub-Fund may, however, be subject to tax imposed by the country of origin concerned and such taxes will not be recoverable by the Sub-Fund or by its Shareholders.

Fees chargeable to the Sub-Fund may also be subject to Value Added Tax ("**VAT**") in accordance with applicable law. If any VAT is charged, this will not be recoverable by the Sub-Fund.

Taxation of Shareholders

Capital gains realised by Shareholders who are not resident in Malta are not subject to tax in Malta. Capital gains realised by Malta resident Shareholders on a redemption, transfer to third parties or exchange of Investor Shares are treated as follows:

- (a) Malta resident Shareholders may opt to be subject to a fifteen per cent (15%) final withholding tax which shall be deducted at source by the Sub-Fund on any capital gains realised by Shareholders. Alternatively, Shareholders may opt to receive any capital gains without deduction of tax in which case they would be bound to declare such capital gains in their income tax return and would be subject to tax at their personal rate.
- (b) In case of transfers to third parties, the transferor is obliged to declare any capital gains in his income tax return and pay tax at his personal rate. Any capital gains on an eventual redemption will be calculated without reference to any intermediate transfer.
- (c) Capital gains arising from the exchange of shares from one sub-fund of the Company into another are only taxable when the new shares are eventually disposed of and, at that stage, any gains or losses arising from exchanges of shares will be taken into account in the computation of any taxable capital gains upon disposal.

The tax treatment of dividends distributed by the Sub-Fund, whether these are reinvested or otherwise, depends on the income tax status of the particular Investor and on the Sub-Fund's income tax accounts out of which the dividends are distributed as set out hereunder:

- (a) The distribution of profits from dividends received by the Sub-Fund out of the Maltese Taxed Account or the Foreign Income Account of other Maltese companies do not attract any further tax in the hands of Investors.
- (b) The distribution of other profits (including foreign sourced profits) to Malta resident Shareholders (other than companies), or to non-resident Shareholders (including non-resident companies) who are owned and controlled by, directly or indirectly, or who act on behalf of, persons who are ordinarily resident and domiciled in Malta, are subject to a fifteen per cent (15%) withholding tax. Shareholders are not required to declare such dividends in their income tax returns. However, they are entitled, depending on their personal circumstances, to declare such dividends in their income tax return and claim a credit of the fifteen per cent (15%) tax withheld.
