

Investment Objective and Policies

The Fund, through active management, seeks to achieve a steady positive return with relative low volatility and limited correlation to market cycles affecting traditional fixed income and equity markets. In pursuing the objective, the Investment Manager shall invest with a global approach in transferable securities and money market instruments that are well diversified from a geographic, industrial sector and currency point of view. Also, the Investment Manager may invest in FDIs such as options, forwards, futures and/or swaps linked to equities, equity indices, bonds, and currencies. FDIs may be used for investment purposes or for hedging and efficient portfolio management purposes.
