WHAT IS THIS PRODUCT?

TYPE	UCITS
TERM	<ul style="list-style-type: none">• This product has no maturity date.
OBJECTIVES	<ul style="list-style-type: none">• The Investment Objective of the Fund is to seek to achieve a steady positive return with relative low volatility and limited correlation to market cycles affecting traditional fixed income and equity markets.• The Investment Manager shall invest with a global approach in transferable securities (i.e., fixed income, bonds and equities listed or admitted to trading on a regulated market) and money market instruments that are well diversified from a geographic, industrial sector and currency point of view.• The Sub-Fund shall not invest more than 10% of its net asset value in units or shares of UCITS (including for the avoidance of any doubt other sub-funds of the Company) and/or other eligible non-UCITS.• The Sub-Fund shall not invest more than: (i) 20% of its net assets in non-investment grade bonds (including high-yield bonds); 40% of its net assets in equities; (iii) 40% of its net assets directly or indirectly in emerging countries and if the Sub-Fund invests in emerging countries, it will focus mainly on Latin America and Asia (including but not limited to South Korea, the People's Republic of China, Hong Kong, Taiwan, Japan, India, Indonesia, Vietnam, Thailand, Philippines, Malaysia, Australia, New Zealand and Singapore).• The Sub-Fund shall not invest in contingent convertible bonds, asset backed securities, mortgage-backed securities, structured products or distressed securities.• The use of derivative financial instruments is for risk hedging, efficient portfolio management, and investment purposes. The Fund uses derivative financial instruments for both risk hedging and non-hedging purposes (including arbitrage).

The Fund is actively managed, not managed by reference to any index.

Management Discretion: The Investment Manager has the discretion to buy and sell investments on behalf of the Sub-Fund within the limits of the Objective and Investment Policy.

Currency: The Shares in the Sub-Fund are denominated in Euro.

Buying and Selling Shares: You can buy and sell Class A (Accumulation) Investor Shares (this "Class") on each business day (Monday to Friday other than public holidays in Malta and the Dividend Cut-Off Date, as defined in the Offering Supplement of the Sub-Fund). The Investor has the right to exchange his investment in units in one compartment for units in another compartment.

Distribution Policy: This Class is an accumulator class so the income from investments held for the Class will not be paid out as dividends. Instead, income will be re-invested and reflected in the value of the Shares.

Target: the fund doesn't target any particular industrial, geographic or other market sectors.

Long-term investment: You should consider Shares in the Sub-Fund as a long-term investment. Since Entry Charges (see below) are deducted from your subscription amount, if you sell your Shares before the price of the Shares increases / dividends are paid you may receive less than the amount invested.

The Sub-Fund's depositary bank is Sparkasse Bank Malta plc. The Sub-Fund's assets and liabilities as well as its legal liability are segregated from other Sub-Funds of the Company.

Further information about the Sub-Fund can be found in the Prospectus and related Offering Supplement as well as the latest annual and half-yearly financial reports. Copies can be obtained along with other information, such as NAV prices, by contacting the Fund Administrator (CC Fund Services (Malta) Limited) or the Investment Manager or from the website www.ccfunds.com.mt. Information about other share classes can be obtained from the Offering supplement available on www.ccfunds.com.mt

The fund's return is determined by the increase or decrease in value of the holdings in which the Fund invests during the holding period.

WHAT HAPPENS IF CALAMATTA CUSCHIERI INVESTMENT MANAGEMENT LIMITED IS UNABLE TO PAY OUT?

By law, the fund's assets are not held in custody by the fund management company and each fund must have a specific depositary that handles the safekeeping of the fund's assets. The fund's assets and liabilities are segregated from the assets and liabilities of other sub-funds and of the investment manager. As a result, the fund's ability to pay out is not affected by the default of Calamatta Cuscheri Investment Management Ltd. In the event of the bankruptcy of the fund management company, the management of the fund is taken over by the depositary (Sparkasse Bank Malta plc). There is no compensation or guarantee scheme for investors in the fund.

WHAT ARE THE COSTS?

Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does where applicable. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
