

Investment Objective and Policies

The Fund, through active management, seeks to achieve a steady positive return with relative low volatility and limited correlation to market cycles affecting traditional fixed income and equity markets. In pursuing the objective, the Investment Manager shall invest with a global approach in transferable securities and money market instruments that are well diversified from a geographic, industrial sector and currency point of view. Also, the Investment Manager may invest in FDIs such as options, forwards, futures and/or swaps linked to equities, equity indices, bonds, and currencies. FDIs may be used for investment purposes or for hedging and efficient portfolio management purposes.

Fund TypeUCITS

Minimum Initial Investment€10,000

Sustainability

The Fund is classified under Article 6 of the SFDR meaning that the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

** Returns quoted net of TER. Entry and exit charges may reduce returns for investors.

*** The Annualised rate is an indication of the average growth of the Fund over one year. The value of the investment and the income yield derived from the investment, if any, may go down as well as up and past performance is not necessarily indicative of future performance, nor a reliable guide to future performance. Hence returns may not be achieved and you may lose all or part of your investment in the Fund. Currency fluctuations may affect the value of investments and any derived income.
