WHAT IS THIS PRODUCT?

TYPE	UCITS
TERM	<ul style="list-style-type: none">This product has no maturity date.The Sub-Fund aims to achieve a higher level of return for investors by investing, mainly, in a diversified portfolio of bonds and other similar debt securities.
OBJECTIVES	<ul style="list-style-type: none">The Investment Manager ("We") will invest in collective investment schemes ("CIS") (including UCITS, exchange-traded funds and other collective investment undertakings) that invest in a broad range of assets, including debt and equity securities. In instances, this may involve investing in CISs that are managed by the Investment Manager.We may invest: (i) up to 40% of the Sub-Fund's assets in CISs that are, according to their investment policies, permitted to invest 65% or more of their assets in money market instruments; (ii) up to 30% of the Sub-Fund's assets in CISs that are permitted to invest 65% or more of their assets in investment grade bonds; (iii) up to 50% of the Sub-Fund's assets may be invested in CISs that are permitted to invest 65% or more of their assets in high yield bonds; and (iv) up to 100% of the Sub-Fund's assets in CISs that are permitted to invest 65% or more of their assets in equity securities.We may use financial derivative instruments such as options, futures and forwards for hedging purposes but not for speculative purposes. Other than in relation to these hedging instruments, the Sub-Fund will not be leveraged.

The Fund is actively managed, not managed by reference to any index.

Management Discretion: The Investment Manager has the discretion to buy and sell investments on behalf of the Sub-Fund within the limits of the Objective and Investment Policy.

Currency: The Shares in the Sub-Fund are denominated in Euro.

Buying and Selling Shares: Thursday of every calendar week (or the following Business Day, if it is not a Business Day or if it is the Dividend Cut-Off Date).

Distribution Policy: It is intended that the Company will not distribute dividends in respect of the Investor Shares.

Target: the fund doesn't target any particular industrial, geographic or other market sectors.

Long-term investment: You should consider Shares in the Sub-Fund as a long-term investment. Since Entry Charges (see below) are deducted from your subscription amount, if you sell your Shares before the price of the Shares increases / dividends are paid you may receive less than the amount invested.

Selection Criteria: we will generally select CISs which satisfy one or more of the following criteria: (i) open-ended CISs; (ii) CISs with institutional share classes; (iii) a minimum track record of 5 years; (iv) a minimum aggregate net asset value of EUR 300 million; (v) a 5 year, 3 year or 1 year annualised performance; (vi) a low minimum investment and subsequent investment; (vii) a high sharpe ratio; and/or (viii) a medium risk investment strategy. We may also consider qualitative factors in the selection process.

The Sub-Fund's depositary bank is Sparkasse Bank Malta plc. The Sub-Fund's assets and liabilities as well as its legal liability are segregated from other Sub-Funds of the Company.

Further information about the Sub-Fund can be found in the Prospectus and related Offering Supplement as well as the latest annual and half-yearly financial reports. Copies can be obtained along with other information, such as NAV prices, by contacting the Fund Administrator (CC Fund Services (Malta) Limited) or the Investment Manager or from the website www.ccfunds.com.mt. Information about other share classes can be obtained from the Offering supplement available on www.ccfunds.com.mt

The fund's return is determined by the increase or decrease in value of the holdings in which the Fund invests during the holding period.

INTENDED RETAIL INVESTOR

This fund may be suitable for investors who plan to hold their investment for at least 5 years and who understand that the money invested in the fund may both increase and decrease in value and that it is not certain that the entire capital invested can be returned. Investing in the Fund does not require any specific prior knowledge or experience of UCITS or financial markets.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

SUMMARY RISK INDICATOR

The risk indicator assumes you keep the product for 5 years
The actual risk can vary significantly if you cash-in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets.

We have classified this product as 4 out of 7 which is medium. This rates the potential losses from future performance at medium level, and poor market conditions could impact the capacity to pay you.

This product does not include any protection from future market performance so you could lose some or all of your investment. You cannot lose more than amount invested. Investor shall note that the product may be exposed to further risks such as operational, counterparty, political, sustainability and legal risks that are not included in the Summary Risk Indicator.

For more details about portfolio risks, see paragraph "Risk Factors" of the [prospectus](#).

WHAT HAPPENS IF CALAMATTA CUSCHIERI INVESTMENT MANAGEMENT LIMITED IS UNABLE TO PAY OUT?

By law, the fund's assets are not held in custody by the fund management company and each fund must have a specific depositary that handles the safekeeping of the fund's assets. The fund's assets and liabilities are segregated from the assets and liabilities of other sub-funds and of the investment manager. As a result, the fund's ability to pay out is not affected by the default of Calamatta Cuschieri Investment Management Ltd. In the event of the bankruptcy of the fund management company, the management of the fund is taken over by the depositary (Sparkasse Bank Malta plc). There is no compensation or guarantee scheme for investors in the fund.
